Parenting Talk on Managing Stress and Pressure *from the Parent Encouragement Program (PEP)*

With so much to do, achieve and accomplish, children of all ages can get squeezed out of spontaneous play, exploration and daydreaming. And parents wonder how to keep their family connections strong and vital when schedules are packed and downtime is scarce. Examine common stress triggers and learn strategies to lower the pressure.

PTA sponsored KAH childcare for K+
Younger children welcome in the meeting
Pizza for all
