us on Facebook or
Twitter for parenting
tools, tips, and talk.

PEP, a local
nonprofit established
in 1982, teaches
parenting classes to
over 4,000 parents
and caregivers a year.

A child’s “I Can Quotient” is a more important indicator of being able to thrive in life than the traditional IQ. Learn strategies to increase your child’s sense of feeling connected, capable, competent and courageous.

For more than 25 years, PEP has offered positive parenting education and support to parents throughout Montgomery County, Northern Virginia and Washington, DC. Like all PEP programs, this talk will give you insights into ways to use positive, encouraging methods with children that gain cooperation, teach respect and responsibility, and bring out the best in you and your child.
